RULE 132 DECLARATION OF RODERICO ESTANISLAO

I, Roderico Estanislao, hereby declare and state that:

1. I am an inventor in the above-referenced patent application. I hold a Bachelor of Science degree in Chemical Engineering (1992) from The University of the Philippines, Quezon City, Philippines. I have been employed by Johnson & Johnson Consumer Companies, Inc., and its predecessors in interest, since 1992 holding various positions including my current position as Research & Development

Manager. I have extensive experience and familiarity with products for treating the skin.

2. I am familiar with the prosecution history of my patent application. I am aware that the invention as now claimed defines a product for application to the skin, the product comprising a water-insoluble substrate, a particular liquid impregnate, and a plurality of microcapsules comprising a microcapsule wall surrounding a liquid core.

3. I have tested products inside and outside the scope of the claimed invention and have provided the results of such tests in the attached "Declaration Attachment." All work described above was done by me or under my supervision.

4. I hereby declare that all statements made herein of my knowledge are true and that all statements made on information and belief are believed to be true and further that the statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under §1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Roderico Estanislao
